Baptiste Planckaert, Recylex S.A.'s Head of purchasing department, commented:

“Right across Europe, Recylex offers its partners turn-key solutions for collecting, transporting and recycling responsibly their used lead batteries. This is the fifth time in a row that we are attending the Pollutec trade fair, demonstrating our commitment to the circular economy and to meet our partners’ needs. Together, we are helping to make lead the most widely and most efficiently recycled metal worldwide.”

Frédéric Heymans, Chief Executive Officer of Recytech S.A., commented:

“The circular economy lies at the heart of Recytech and of our technology, avoiding the unnecessary consumption of natural resources. Recytech is celebrating its 25th anniversary this year, and to mark the occasion, we have inaugurated our new gas treatment unit. In addition to this investment, our presence at Salon Pollutec 2018 reflects our desire to show we are a cutting-edge player playing a key role in the circular economy of our region and much further afield.”

Regenerating the urban mines
